0. Introduction

This activity can be for one class. All students are divided into teams of 4-5 people. All of them watch the video and then discuss.

1. Subject / Skill

Being flexible and adaptable

2. Type of activity

Discussion in groups after watching a video

3. Objective

By the end of the activity learners will be able to discuss different strategies to find a solution in an unexpected situation.

4. Time to develop the activity

The first video is about 2 minutes long. The discussion in small groups can take about 10 minutes. Then all groups share their ideas, which can take about 10 minutes depending on the number of groups. The second video takes about 2 minutes too.

5. Material

You need the equipment to watch the videos, some paper and pens.

6. Steps / Procedure

- Let the students form groups of 4-5 people.
 - Explain that after watching the first short video they will be asked to discuss different strategies to find solutions. They need to answer the question: “What would you do in such a situation?”
 - All the groups take notes of their ideas and then share them with the other groups.
 - All the ideas can be written on the board and then a summary of the situation can be made.
- In the end the second video with possible solutions is shown.
